- Produce anonymised civic statistics and public-interest research.

Do not include sensitive personal information (ID numbers, home addresses, phone numbers) in your report body.

5. Anonymity

You may submit reports completely anonymously — no account or registration is required. If you choose to remain anonymous, we will not associate your report with any personal identity. Your IP address may be logged for abuse prevention but is never displayed publicly.

6. Images & Media

By uploading images or files, you confirm:

- You own the content or have the right to share it.

However, no internet transmission is 100% secure. Use the platform at your own risk for highly sensitive matters.

8. Cookies & Analytics

We may use basic analytics tools to understand platform usage (page views, report volumes, county activity). These tools use anonymised, aggregated data only. We do not use advertising cookies or cross-site tracking. You may disable cookies in your browser without affecting core platform functionality.

9. Data Retention

Reports and associated data are retained for as long as they serve civic or historical value. You may request removal of personal information associated with a report by contacting us. Anonymised report records may be retained indefinitely for civic research purposes.
